## SECURITIES

Many have acquired stocks that have gone up in value. They can be used to make great gifts for The Oglebay Foundation.

Simply have your broker contact us or you can give us a call at 304-243-4166 to discuss what you want to do. It's an easy process and you decide how the funds will be used. You'll earn a federal income tax deduction in the amount of the current value when received in our stock account. We will let you know what that is.

If the stock has suffered a loss, it's better to cash it in yourself, preserve the capital loss for tax purposes, and send the sale proceeds to The Oglebay Foundation as a cash gift.
